Reflection

R: We remember them.

In the rising of the sun, and in its going down	R
In the blowing of the wind, and in the chill of winter	R
In the opening of the buds, and in the rebirth of the Spring	R
In the blueness of the sky, and in the warmth of Summer	R
In the rustling of leaves, and in the beauty of Autumn	R
In the beginning of the year and in need of strength	R
When we are lost and sick at heart	R
When we have joys and we yearn to share	R
When we have decisions that are difficult to make	R
When we have achievements that are based on theirs	R

Some Thoughts for the Week

"Today is the greatest day of your life, because today is the only day that exists. All your earlier days are part of your mind's memory bank. All the future days haven't occurred yet. So today just has to be the greatest day of your life".
Zelig Pliskin

"Works is what horses die of. Everybody should know that"
Aleksandr Solzhenitsyn

"Wrinkles should merely indicate where smiles have been"
Mark Twain.

Short But Sweet

This guy goes into a pet shop to buy a parrot. He sees one on a perch with a red string tied to its left leg and a green string tied to its right leg. He asks the owner the significance of the strings. "Well, this is a highly trained parrot. If you pull the red string he speaks French; if you pull the green string he speaks German", replies the shop keeper. "And what happens if I pull both the strings?" our curious shopper enquires. "I fall off the perch, you idiot!!" screeches the parrot.
